an interdisciplinary look at arguments both for and against traditional belief in the soul it is a widely held belief that human

beings are both body and soul that our immaterial soul is distinct from our material body but that traditional idea has been seriously questioned by much recent research in the brain sciences in neuroscience and the soul fourteen distinguished scholars grapple with current debates about the existence and nature of the soul featuring a dialogical format the book presents state of the art work by leading philosophers and theologians some arguing for the existence of the soul others arguing against it and then puts those scholars into conversation with critics of their views bringing philosophy theology and science together in this way brings to light new perspectives and advances the ongoing debate over body and soul contributors robin collins john w cooper kevin corcoran stewart goetz william hasker veli matti kärkkäinen eric larock brian lugioyo j p moreland timothy o connor jason d runyan kevin sharpe daniel speak richard swinburne

nato s military interventions in the balkans have transformed the alliance as the alliance goes east its members are compelled to rethink nato s and each member nation s military and political roles providing a well rounded study of continuing change in the contemporary north atlantic treaty organization this book is constructed around eight essays by european security experts analyzing challenges confronting the atlantic alliance as a military alliance and as a collective security organization dealing simultaneously with deterrence enlargement and regional crisis intervention it is intended for senior undergraduate and graduate students in international relations american foreign policy european studies security and strategic studies the evidence is that nato will undergo many more changes responding to actual and potential threats to europe s peace these range from a revival of the ethnic conflict in the former yugoslavia to the proliferation and possible use of nuclear biological and chemical weapons also discussed is the matter of nato s further enlargement and the question of whether this offers more or less security to the alliance membership as are the emerging tensions between the eu and nato security regimes

a leading psychopharmacologist and clinical psychiatrist shares a complete program of diet exercise stress management and hormone supplementation to lift the debilitating side effects of antidepressants and enhance the benefits of these medications for millions of americans charts throughout
